About IEngrave Optics

IEngrave Optics is a specialty plano lens laboratory focused on premium diamond cut lenses, advanced custom shapes, single-SKU bulk production, private label manufacturing, and large-scale production runs. By specializing exclusively in plano lens manufacturing, we are able to provide industry-leading turnaround times, competitive wholesale pricing, and a streamlined ordering experience designed for today's optical professionals.

All stock lenses are manufactured from premium polyamide and include anti-reflective and hard-coat treatments as standard - these selections are regularly stocked and aren't subject to any MOQ (Minimum Order Quantity) restrictions. In addition to our stock collection, we support custom manufacturing projects, private label programs, and high-volume production for optical retailers, wholesalers, distributors, and eyewear brands.

This catalog serves as both a product catalog and ordering guide, allowing you to browse our available shapes, colors, frame models, pricing, and ordering options.
